## **Golf Pro – Craig Misch**

The season is in full swing here at the Monarch, the course has been full of happy golfers every day. The course is in fantastic condition and the word has gotten out around town. People are coming from Orlando and the Villages and all points in between to play our hidden gem! January has been a record month, and I don't expect it to slow down for February, I also want to thank Mother Nature for a simply amazing winter (so far). Let's keep the temperature up and the scores down!

Upcoming events in

February...Member/Member on the 15th and 16th, Members glow ball event on the 25th. Sign-ups were really good and these events are now full. I love to see the participation up, more players = more fun!

Special congratulations to the Challenge Cup Team who have won 3 straight matches to get in contention for the year end title...keep it going ladies!

## **NEWS from Terry Stephenson Superintendent**

We will be putting out our first application for fairy ring control on February 13th . We will also be putting out our first pre-emerge application for weed control on the 13th and 15th of February. We have identified the problem on #16 green (nematodes) and have bought a product and put out our first application on

January 18th with a follow up application on February 2nd. We are doing assays to make sure we are getting them under control. The product we are using, although very expensive, is the best at controlling them as well as promoting new root growth. (Nematodes attack the roots of both Bermuda grass and our winter grass). We are continuing to monitor the problem and plan to have the green back in shape as soon as possible. We are putting new sand in the green side bunkers (first) as budget allows. We hope to have them completed before The Member Guest Tournament in April.
